PROFILE SUMMARY

My name is titus dias and I am doing BE at SJEC in CSE and also a web developer learning mern stack development in the past i have done business development internship so now i am currently working on my projects and heading towards more and more opportunities

PROJECTS

Dog Dating Website

Developed a fully functional website for dog owners to find potential matches for their pets, using HTML and CSS. Designed user-friendly interfaces for profile creation, search, and messaging between users. Implemented responsive design, ensuring compatibility across different devices and screen sizes. Integrated interactive elements such as forms and buttons to enhance user engagement. Deployed the website as part of the final capstone project, receiving positive feedback for its design and functionality.

WORK EXPERIENCE

- **Freelancer**   2024- Present
  Web developer

  I am a web developer who is learning Mern stack development currently working on some good projects

- **Younity**

  Business Development Specialist

  15 days Intership

  During my tenure as a Business Development Specialist at Younity, I had the opportunity to work on several exciting and impactful projects. My role involved identifying and pursuing new business opportunities, building strong client relationships, and developing strategic partnerships. I collaborated closely with cross-functional teams to create tailored solutions that met our clients' unique needs and drove growth for the company.
